MEMORANDUM FOR: UTILIZATION ADVISORY BOARD

SUBJECT: Request for Clearance of SRI based on TALENT Material (C)

1. The Army Member of the Board requests clearance to use TALENT originated material as the basis for an SRI to the Army Attache in Rumania.
2. The proposed SRI (ACSI Form 1, Inclosure 1 hereto) indicates that information furnished as collection guidance was obtained from a usually reliable source, who will not be further identified.
3. Only those objects clearly visible from a well-traveled highway have been selected for inclusion as a guide to collection. Locations have been given in terms of general reference from the highway and nearest town to preserve the appearance of visual observation by a traveler.
4. Should objects prove to have intelligence value, the Attache's report will provide a basis for further sanitization.
